The Rush

As players play the bonus game, many will want to get as many Sticky Wilds as possible to fill the screen with before getting a win. While in most games, a player will always hope for a win, in *The Rift* the player might instead hope for a non-win to save their Sticky Wilds for a later and bigger win.

A delayed win leads to greater rewards.

The Feature Progression of the Bonus Game

In the bonus game, the player will be rewarded with an increasing amount of Sticky Wilds the more scatter symbols he gets. Every scatter symbol won will unlock 1 of 9 steps on the Rift seal visible in the background. Starting from the 3rd step, every spin will start with at least one Sticky Wild being placed on the reels.

Good combinations of high win symbols and Wild symbols lead to BIG WINS. Max exposure = €81 500 with a bet of €100.

In this bonus game, a nice number of Sticky Wilds have been placed on the right, just waiting to be part of large winning combinations.
