Fire symbol: is a symbol that will be replaced by any other symbol except for wild and scatter symbols. All Fire symbols will be replaced by the same symbol type.

5 Wild symbols in main game

When advancing a Bonus game level, a Coin symbol will transform into a Fire Symbol for the remainder of the Bonus game.

7 Fire Drill

Fire Drill: is a randomly triggered feature in the base game. The Fire Drill will select minimum 1 to maximum 5 random Coin symbols that will be transformed into the Fire symbol. All Coin symbols of the same type as the selected Coin symbols will be transformed into the Fire symbol.

In Level 1, the first coin is a fire symbol, and the others are green, blue, purple, and gold. In Level 2, the first two coins are fire symbols, and the others are blue, purple, and gold. In Level 3, the first three coins are fire symbols, and the others are purple and gold. In Level 4, the first four coins are fire symbols, and the last one is gold.
