

## Game Rules (3/23/2020)

Note: The “Beat the Beast: Mighty Sphinx” video slot is referred to as Mighty Sphinx, The Game or Game.

1. Mighty Sphinx is a video slot with 5 reels and 9 pay lines. The game features a Mystery feature and a Bonus Game with free spins, retriggers and wild upgrades. The theoretical return to player is 96.14%.

2. A game round is started with the action button and plays the Game with the selected bet level.

3. No bets can be altered during a game round.

4. Auto play plays the Game automatically for the number of game rounds selected in the auto play page.

5. All game pay-out and win combinations are paid out according to the pay table.

6. Only the highest win per pay line is paid out, if in sequence from leftmost to right and in combinations according to the pay table.

Scatter pays are triggered by 3 or more scatter symbols on any position on the reels and pay only for the highest amount of scatters.

7. All pay line and scatter wins during a game round are added and presented at the end of the game round.

8. All wins are presented and paid out in the selected currency.

9. The Sphinx Emblem symbol is a Scatter and a Wild symbol and substitutes for any other symbol both in the Base Game and the Bonus Game. The Sphinx Emblem symbol can generate both Scatter pays and pay line wins, according to the pay table.

10. Mystery feature: in the Base Game, it is possible for 1, 2 or 3 Sphinx Emblem symbols to be randomly placed on the reels at the beginning of each spin.

11. 3 or more Sphinx Emblem symbols trigger the Bonus Game consisting of 10 free spins.

12. In the beginning of each bonus spin, 1, 2 or 3 Sphinx Emblem symbols will be placed on the reels.

13. In the Bonus Game, 3 or more Sphinx Emblem symbols trigger 5 extra free spins.

14. Wild upgrade: If the bonus game is retriggered, one of the four mid-pay symbols (going from lowest to highest value) will be transformed into a wild symbol for the remainder of the bonus game.

For reference, the mid-pay symbols are the Khopesh Sword, the Ankh, the Scarab, and the Sphinx Statuette.

The Upgraded Wild symbol substitutes for any low, mid and high pay symbol in the bonus game.

15. The Bonus Game is played with the same bet as the spin that triggered the Bonus Game.

16. In the event of game malfunction all affected bets and pays are rendered void.

17. The maximum total bet multiplier for one game round is 4444. If this limit is reached the game round will be terminated and no additional wins will be paid out.
